

# ÒDÚN DEDICATED TO THE ÒRÌŞÀ OF FIRE

Saturday, 24 August 2024 at 4:30 p.m.  
in the Ègbé Òrìşà temple, Bizeljska vas 20a, 8259 Bizeljsko, Slovenia.

---

We are going to **collectively** worship the Òrìşà that bless our lives with bravery and justice and stimulate our activity, thereby facilitating the transformation from negativity to positivity. The fire ritual will be performed to bless and light up the mind as well as to attain the Àşẹ that is necessary to ignite the solutions to all of life's challenges.

The wisdom of the Òrìşà Iná will be used to polish our inner qualities and help us clearly see life, making our mind brilliant and able to anticipate the future. We are going to ask the Òrìşà Ògún to clear our paths, protect our lives, and bless us with motivation for coherent action. Ògún, the Òrìşà who civilised mankind, can help each and every individual to civilise him- or herself. We are going to implore the Òrìşà Akóògún to make us invisible to all the negativities and to alleviate our problems, even those that can only be remedied by a miracle. The Òrìşà Şàngó will be asked to ensure we will be fair to people and that life will be fair to us. May Şàngó bless us with bravery and reason. The Òrìşà Ọya will be asked to bless us with the ability to maintain the right pace in life so that we will be able to realise all of our projects while staying true to ourselves, our decisions, and our life's mission. May Ọya transform our effort into triumph! May Òrìşà Ewa awaken our zest for life and spark our ambitions, hopes and expectations while bringing us closer to the world. May we adore every single morning we wake up alive and well. During the dance, the Àşẹ of the Òrìşà Iná, Ògún, Şàngó, Ọya, and Akóògún will be manifested through the aşọ of these Òrìşà as well.

The donation that makes the organisation of the event possible is a banknote of any denomination for each set of offerings. This time around, two sets of offerings are going to be performed.

**The individual ritual** will be aimed at projecting the Orí and hands that are able to work effectively and earn money without succumbing to fear. We are first going to use the fire ritual to "ignite" our desires for transformation, thereby making them clearly visible. Then we are going to perform the ritual with stones to destroy all counter-energies that could hinder us. This will be followed by the ritualistic cleansing to project the Orí, hands, and feet that will find the true path, leading us bravely in the right direction and enabling us to transcend all the obstacles. As part of the ritual, we are going to use altar objects of the Òrìşà Şàngó and Ògún as well as the Àşẹ of all the Òrìşà of fire.

The ritual will be performed by priests who specialise in these Òrìşà.

The donation for the individual ritual is €40.

You need a pair of towels.

Welcome!

The Spiritual Community of the Òrìṣà - Energies of Nature would like to thank:

- » the spiritual parents in *àjé* and *ọrun* for all the Àṣẹ, knowledge, and trust they use to generously guide us on our path;
- » the Ire group for representing both the rhythm and communication at our events since 2007. Drumming and singing do not only create music and rhythm; first and foremost, they are the symbol of communication between humans and deities as well as among humans themselves (the symbolism of *ẹgbé ayé*). In addition, the Ire group traditionally organises the *ọdún* dedicated to the Òrìṣà of life and carries out projects that provide financing for temple altars, *aṣọ*, and many other things;
- » the *ẹlégùn* priests and priestesses who undergo a profound process of initiation and education to serve the society and facilitate the manifestation of the Àṣẹ of the Òrìṣà through the *aṣọ* of the Òrìṣà as well as all the *atókùn*, the priests who accompany them and establish communication;
- » the priests and priestesses who perform rituals at social and spiritual events with the help of assistants. They are all specialised to work with individual Òrìṣà. The unwavering commitment of everyone involved enables our Community to continuously organise unforgettable events;
- » the providers of the *sàra* ritual and everyone else who contribute to this unforgettable event either by taking part or helping out.

Àṣẹ!

Everyone's spiritual intimacy at the event is of utmost importance; therefore, any type of individual audio/video recording or photographing of the event is forbidden. Please respect that. An authorised representative of the Community will document only the ritual and the manifestation of the Àṣẹ of the Òrìṣà through the *aṣọ* of the Òrìṣà but none of the participants.
